Description :

PDF-487ba | Geography is essential to a child's education. And basic to that study is a simple outline of states, countries and continents. In Draw the World, I have tried to give students an easy introduction to committing the map of the world to memory. Through simple, step-by-step instructions, students learn to draw each continent as it connects to its neighbors and, with a little practice, will be able... *Draw the World: An Outline of Continents and Oceans*
