Evolution: How We and All Living Things Came to Be PDF

by Daniel Loxton : **Evolution: How We and All Living Things Came to Be**

ISBN : #1554534305 | Date : 2010-02-01

Description :

PDF-1837b | Evolution is the process that created the terrible teeth of Tyrannosaurus rex and the complex human brain, clever enough to understand the workings of nature. Young readers will learn how a British naturalist named Charles Darwin studied nature and developed his now-famous concepts of natural selection and survival of the fittest. And how modern-day science has added to our understanding of the th... *Evolution: How We and All Living Things Came to Be*
